

YOU CAN TRUST GOD

because he has a plan

1. Who was God planning to send and preparing for in the Old Testament?
2. What did Jesus have to do for his part in the plan?

1. Why did God need to make a plan to save people?
2. What were some of the ways God showed his people what he would do?

1. How does knowing what God planned so that you could be saved make you feel about him? And about yourself?

Points4Prayer

Can you imagine what it would be like not to go to church? That what life is like for Libyan Christians, where it's only legal to have churches for foreigners who are staying in Libya. All the Christians have to be very careful about who they talk to about Jesus since it's illegal to tell Muslims the gospel and they might be attacked if people know they worship God.

You can read more here:

<https://www.opendoorsuk.org/persecution/world-watch-list/libya>

Praise him that he has a plan for Christians in Libya for more people to come to know him.

Thank God for organisations like open doors being able to help get people to safer countries.

Ask him to help Christians in Libya to trust him even when it's dangerous.
