Syria has been at war with itself for many years making it dangerous to live in, it is particularly bad for Christians as parts of the country are controlled by extreme Islamic groups. Quite often Christian leaders are kidnapped and imprisoned until they reject Jesus. Churches are working with Open Doors to help families by caring for those who have suffered.

**Praise** God that one day he will put an end to all wars and injustice.

**Thank** God for helping the church there to show his love to the hurt and suffering.

**Ask** him to help those who have been kidnapped to stay trusting and believe in him.
